NOTE.

The need has frequently been felt for an organization to provide for periodical examination of departmental policy, facilitate disposal of questions in which more than one department is interested, and ensure co-ordinated action in allied departments. Very often, elaborate correspondence ~~results~~ ensures in all such cases, and important proposals of improvement or reform are unduly delayed. Of late, attempts have been occasionally made to settle such matters in personal conferences of the officers concerned.

Further in connection with Organisation & Development work, a scheme of grouping departments ~~into~~ has been tentatively adopted

Government now consider it necessary that a new permanent organization should be created for the disposal of matters referred to above, and are accordingly pleased to constitute the following Administrative Bureaus:-

I. Protection.

II. Revenue & Self-Government.

III. Technical.

IV. Muzrai and miscellaneous.

The permanent members of each Bureau are shown in the accompanying statement. ~~It will be in the discretion of~~ The President will have discretion to co-opt additional members to the Bureau for the consideration of particular topics or class of topics and to call for

meetings of a section only of the Bureau for subjects of limited interest. A meeting of the entire Bureau should ordinarily held once a quarter.
